

# How to apply:

---

You can view and apply for positions at KCCD or any of our three campuses online beginning January 2009. Select the SEARCH POSITION button in the menu bar. When applying electronically you will create a user ID and password that will allow you to create/update your application, check the status of a position and apply for future positions. Your application date will remain on file for 12 months from the time that you last login. Please remember to carefully check the requirements as they will change depending upon the position.

Positions will be posted at all campuses but maintained through this website.
