District Office Administrative Unit Review

Business Services

Manager's Name: **Arlitha Harmon**

Title: **Interim Chief Financial Officer**

Submitted by: Arlitha Harmon

Executive Summary

a) In one paragraph or with bullet points, summarize the key points learned in this evaluation. *[list the highlights of the document]*

- Accounting Services has a significant volume of work load and projects, including increasing numbers of grant reporting and document processing. Review of workload and efficiencies is being conducted and may result in the need for additional staff or a possible reorg to align resources with needs.
- Contracting process has been significantly enhanced with addition of an electronic contract process. Contract management system is the next step for the Purchasing/Contracts Manager position. A contracts volume analysis reveals a 264% increase in contracts processed over the past 6 years. The addition of the manager position has reduced the number of contracts that need to be sent to legal for review, which has decreased the number of days to process contracts.
- District needs asset accounting system implemented to help manage new federal compliance requirements and have an up to date single source record of the inventory of District assets. This will require IT Support, and the project is currently on the DTAC listing of projects. This project is currently on hold.
- Items needed to automate and/or increase efficiency:
 - Contract management software system
 - Fixed Asset management system (inventory system)
- The Chief Financial Officer needs to work with the District Office administrators to incorporate the value added recommendations from the District-wide Budget Committee's (DWBC) AUR Work-group into the budget formulation process. This includes a formalized campus survey instrument to obtain regular and purposeful feedback, programmatic assessment professional development, and reformatting the AUR design/layout.

Future Directions of the Unit

a) Provide a brief abstract of synopsis of your unit's current circumstances and future needs. Please include any college priorities that affect your unit, and the connection to college planning and priorities.

The unit needs to continue its efforts to leverage the Banner software program for the automation of as many processes as possible. Many of the listed projects require the use of Banner or other administrative software to complete. Maximizing technology and software will minimize cost increases associated with (1) expanding compliance requirements combined with continued growth in the number of grants/categorical programs, and (2) current manual/paper processes.

The unit has hired an additional management employee to manage the contracts and purchasing functions. In the coming year, the contracts manager will evaluate, select and implement a contract database software. The goal of implementing this software is to increase efficiency by eliminating the paper process, and to give users the ability to initiate contracts electronically.

The unit continues to review travel, contracting, grant reporting, and other processes to determine other areas that could benefit from improved processes and technology. The unit will need new and continuing support from Human Resources and Information Technology.

As the unit moves through its decision-making processes, it will focus on priorities that maximize funding across the colleges under the new Student-Centered Funding Formula (SCFF) and the Vision for Success.

Section One: Unit Overview

- a) **What is the purpose of the unit and what populations (internal and external) are served by the unit?** *[why does the unit exist and how does the unit support the mission and vision of the Kern Community College District; who benefits directly from the services provided by the unit]*

Business Services is committed to serving our students, faculty, staff, administrators, senior managers, the Chancellor, Board of Trustees and the general public by providing business services and related support to each of the Colleges and District Office. By providing a myriad of essential business functions, including those specific to Accounting Services, Finance and Treasury Services, Economic and Cost Analysis, Budget and Financial Forecasting, Fiscal Compliance and Reporting, Financial Aid Distribution services, Business Contract Services, Purchasing, and Business Process Training. The Business Services Department reaches, facilitates and promotes success for our students and the District as a whole, in its role as an exemplary educational leader, serving to strengthen our community, faculty and staff to create an environment for life-long learning.

Section One: Unit Overview **Section One: Unit Overview** *(continued)*

b) Describe how the unit supports the colleges in achieving their mission and their efforts to improve student learning and achievement.

The unit supports the accounting, reporting and cashiering functions at the colleges. The unit meets monthly with the Accounting Managers to ensure consistency in treatment of all aspects of the accounting functions. The unit also meets weekly by phone and monthly in person, with the colleges' VP of Finance and Administrative Services to address issues/concerns related to these positions and the budgeting of the entire district.

Section One: Unit Overview *continued*

c) How is the unit structured within the district? Modify the org chart template below to illustrate the unit's organization.

Number of Foundation and Student sub-funds supported by District	872	872	973	813	982	1,139

- b) **What unexpected changes or challenges did your unit encounter this cycle? How does your trend data impact your decision-making process for your unit?**

- Business Services experienced significant changes in the following transaction processing areas due to COVID-19:
 - Purchase orders decreased by 8,893 or 43% over prior year
 - Warrants/Checks issued increased by 7,565 or 8% over prior year
 - Journal entries decreased by 1,187 or 11% over prior year
 - Business Services contracts increased by 1 or 0% over prior year
- Sub-fund support increased by 31 or 15% - these are mostly grant funds, which Business Services grant accounting supports

- Increase in grant funds equates to increase in grant reporting. Business Services will evaluate the workload of the current staff and may result in additional resource request.
- Increases in transaction processing means more work for the current staff. Business Services has created efficiencies by reducing paper processing and moving to electronic processing. Evaluation in current fiscal year to determine if additional staff will be needed in the future to accommodate increasing processing workload.

Section Eight: Conclusions

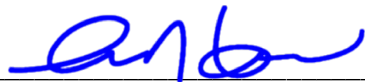

Present any conclusions and findings about the unit and its connection to the work of the colleges. (ACCJC Std IV.D.2, IV.D.5, IV.D.7):

District Office Business Services supports the College's business objectives, and Districtwide policies and processes. We provide business service functions for students, faculty, staff, management, Board of Trustees and the general public. Additionally, our role is also to provide direction to the college Business Services Offices, providing them direct support in accomplishing their service objectives at each of the district's colleges. Business Services is highly confident in our ability to support the colleges, through responsive and reliable financial services.
