3. Construction services shall be limited to the bid limits outlined in the Cost Accounting Policies Manual of the California Uniform Public Construction Cost Accounting Mission. Contracts involving expenditures that require competitive bidding require approval by the Board of Trustees prior to award.

In securing bids or quotations, the District will avoid acquisition of unnecessary or duplicative items. Contracts involving expenditures that require competitive bidding require approval by the Board of Trustees prior to award.

Bid Specifications

Bid specifications shall include a definite, complete statement of what is required and, insofar as practical, shall include pertinent details of size, composition, construction, and/or texture of what is specified, and minimum standards of efficiency, durability, and/or utility required of what is specified. Additionally, when the use of a skilled and trained workforce to complete a contract or project is required, the bid documents and construction contracts shall state that the project is subject to the skilled and trained workforce requirement.

All bid submissions shall contain all documents necessary to assure compliance with these California Labor Code Sections. Failure to provide such documentation shall cause any such bid to be deemed incomplete.

When required or determined to be appropriate, bids shall be accompanied by a certified or cashier's check, or bid bond, in the amount specified in the bid form, as a guarantee that the bidder will enter into contract and furnish the required contract bonds. When no longer required for the protection of the District, any certified or cashier's check received shall be returned to the respective bidder.

The Chief Financial Officer shall make available to the prospective bidders bid forms with sets of specifications and drawings and shall provide a convenient place where bidders, subcontractors, and material personnel may examine the specifications and drawings.
