The District will give preference for residence at District-provided housing to current and formerly homeless students and current and former foster youth.

The District may prioritize and restrict occupancy in affordable housing on land owned by the District to faculty and employees. The District believes its commitment to student equity, access, and student-centered instruction supports affordable student housing. Affordable student housing supports the District's mission and supports students in achieving their educational goals.

The District Chancellor shall establish procedures to collect data regarding student housing as required in the Education Code.
