Contract value over current year Annual Bid Limit threshold is subject to Board Approval, and no services may commence until after Board Approval. All Approval Items will follow the posting process currently in place, (i.e., each campus and/or department should enter their respective contracts/documents into Diligent Community Platform). The campus initiator will email the contract to contracts@kccd.edu with any instructions. If the contract requires an original "wet" signature, send the original contract via the interoffice mail, attention Finance and Administrative Services, Contracts Department. Once Board approved, the Contracts Department will obtain District signature and return the signed agreement to the initiator and/or the requesting Agency.

As a general rule these are the recommended changes to an agreement:

- **Agreement:** should be between Kern Community College District on behalf of *COLLEGE NAME*
- **Term:** we cannot enter into an automatic renewal, or perpetual term agreement. Term must have a specific start-end date. Include in the contract language "The maximum term of the agreement, including all renewals, shall not exceed five (5) years from the effective date."
- **Termination Clause:** A termination clause in a contract outlines the conditions under which either party can legally end the agreement. Termination without cause would be the best type of termination clause to be included in a contract. The sample below is provided of a *Termination Clause* with a termination without a cause. "This Agreement may be terminated by either party with or without cause and for any or no reason upon (30) days' written notice to the other party."
- **Governing Law/Jurisdiction/Venue:** Governing law should be State of California, County of Kern.

We cannot agree to another governing state or jurisdiction should litigation be required for the following reasons:

- California Education Code 72502 states the following:
 - Any claims against the District for money or damages, which are not governed by any other statutes or regulations expressly relating thereto, shall be presented and acted upon in accordance with Title 1, Division 3.6, Part 3, Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of the California Government Code.

The designation of the law of another state would violate this provision. It is possible to enter into a contract with no choice of law provision. In that situation the proper state law would be resolved through the applicable conflict of laws provisions in the event of litigation.

- **Indemnification:** Should be Mutual Indemnification. *Occasionally* we add "Kern Community College District maximum liability amount shall not exceed two million dollars (\$2,000,000)."
- **Insurance Requirements:** Unless otherwise specifically agreed to in writing in advance of execution of this Agreement, Contractor agrees to obtain, pay for, and maintain in effect during the Term of this Agreement or Date(s) of Service(s), the following policies of insurance issued by an insurance company "rated not less than A-VI" in A.M. Best's Insurance Rating Guide:
 - (i) Commercial General Liability insurance (including contractual, products and completed operations coverage, bodily injury, and property damage liability insurance) with single combined limits of not less than \$1,000,000 per occurrence;
 - (ii) Sexual Abuse or Molestation coverage with limits not less than \$2,000,000 per occurrence, either by separate policy or by an endorsement to the Commercial General Liability coverage;
 - (iii) Commercial Automobile Liability insurance for "any auto" with combined single limits of liability of not less than \$1,000,000 per occurrence;
 - (iv) Professional Liability insurance (also known as "Errors and Omissions" insurance) with a limit of liability of not less than \$1,000,000 per occurrence;
 - (v) Cyber Liability insurance of not less than \$2,000,000; and
 - (vi) Evidence of Workers' Compensation and State Disability insurance as required under law.

Each applicable policy shall contain **an endorsement naming the Kern Community College District as an additional named insured** insofar as this Agreement is concerned, and provide that written notice shall be given to the District at least thirty (30) days prior to cancellation or material change in the form of the policy or reduction in coverage.

Prior to rendering Services pursuant to this Agreement, and at Contractor's expense, Contractor shall furnish the District with a Certificate of Insurance (COI) evidencing the endorsements required above, and the District shall have the right to inspect the Contractor's original insurance policies upon request. Upon notification of a notice of cancellation, change or reduction in coverage, Contractor shall immediately file with the District a certified copy of the required new or renewal policy and certificates for such policy. Nothing in this agreement concerning

minimum insurance requirements shall reduce the Contractor's liabilities or obligations under the indemnification provisions of this Agreement.

Software agreements require evidence of cybersecurity coverage.

- **Dispute Resolution:** We cannot accept binding arbitration. If the agreement includes such wording, ask the vendor to remove or replace with other language. *Example of alternate language:* Any dispute with respect to or arising out of or in connection with, or otherwise related to the execution or performance of, this Agreement shall first be attempted to be settled by the parties amicably through good faith discussions upon the written request of either party.
- **Prepayment:** If the agreement includes prepayment language, then Prepayment approval from the CFO is required. Please provide a copy of the Prepayment approval email along with the copy of the agreement.
- **Subrogation:** Agreement should not include a waiver of subrogation. If it does, it needs to be in favor of the District, not the other party.
- **Signature Block:** Kern Community College District obo *COLLEGE NAME*. Authorized Signatory is Robert B. Miller, DPA, Interim Chief Financial Officer.
- **Data-Sharing requirements:**
Agreements which include data-sharing component(s) must be reviewed and approved by the Institutional Research & Reporting.
 - The [IR / IE Workload Impact Checklist](#), is to be completed for any contract involving data, reporting, or analytics.
- **Technology/Software requirements:**
The following items must be reviewed within the contract from an IT perspective. Also note that if this requires any IT work, it must be submitted via your Campus Vice President of Finance and Administrative Services for consideration and prioritization, including a review of required resources and cost with IT.
 - The [Technology and Software Requirements](#) is to be completed for any new technology/software agreements.
 - Both the [HECVAT Lite, version 2.11](#) and [VPAT, version 2.0](#) forms must be completed by the vendor and emailed to the Kern Community College District's Finance and Administrative Services Department, Contracts.
