Annotations and Methodology: The preceding tables represent the number and percent of high school graduates enrolled on census day during the first fall semester after high school graduation to any college within the district. Students who dropped for covid related reasons were counted as enrolled on census. The number of high school graduates comes from the California Department of Education Data and Statistics site or from the high school registrar's office. The tables are separated by High School Type: Public/Charter, Extended Service Area, Private Schools and Adult Ed/Continuation/Regional Employment Centers.
