<sup>1</sup> Completion, Persistence and 30 Unit metrics are further separated by whether the student was prepared or unprepared. These metrics are defined as the percentage of first-time degree, certificate, and/or transfer seeking students who completed a degree, certificate, or transfer related outcome with six years.

<sup>2</sup> Rate in which median wages change one year prior to one year after cohort. The median percentage change in wages for students who completed higher level CTE coursework and left the system without receiving any type of traditional outcome such as completed a degree, certificate, or transfer related outcome.
