

Self-Insured Schools of California: schools helping schools

Anthem PPO plan

Anthem Blue Cross (Anthem) is proud to be the benefit administrator of the SISC PPO plan

This plan is offered to school districts that are members of Self-Insured Schools of California (SISC).

We are public school employees, just like you

SISC was established in 1979. We operate as a public school Joint Powers Authority (JPA) administered by the Kern County Superintendent of Schools Office.

Our staff are certificated and classified public school employees covered under the same benefit programs as our membership. Unlike some pools, **SISC is subject to the Brown Act**. We are a **transparent** operation. All of our **board meetings are open to the public** and our financial statements are a matter of public record.

SISC is run in the best interests of our membership. **Our focus is on the value we provide to our members — not perks, politics or a profit margin.**

Schools helping schools

Joining together with other school districts provides SISC members with the most stable long-term health benefits available. Our commitment to controlling costs is reflected in our mission of providing affordable rates and continued access to quality health care.

Learn about the SISC PPO plan

A self-funded plan administered by Anthem

Preferred provider organization (PPO)

PPO members maximize plan benefits and minimize out-of-pocket costs by accessing care from doctors and hospitals in the PPO network. That's because doctors in your plan's network have agreed to discounted rates for PPO members. And you don't usually need a referral from your main doctor, also called a primary care doctor, to see a specialist.

Some PPO plans may have different rules. Some services may not be covered outside of the PPO network, or there may be other network restrictions. So be sure to check your plan details.

Keep in mind that if your doctor is not part of the plan's PPO network, you may have to pay more for each visit.

	Network	Non-network
Choosing a doctor	Visit any PPO network doctor.	Visit any non-network doctor, pay for the services and submit claims to Anthem. Not all services are covered out of network.
Access to specialists	Visit any PPO network specialist; no referral is required.	Visit any non-network specialist and submit claims to Anthem. No referral is required.
Out-of-pocket costs	After the calendar-year deductible is met, pay a percentage of costs for covered services.	After the calendar-year deductible is met, pay a percentage of costs and all costs above the allowable amount.

How to make sure you're using doctors in your plan's network:

1. Log in at [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc) or use our mobile app on a smartphone. Pick the **Find a Doctor** tool to search for doctors and facilities.
2. Remind your doctor and other health care professionals to refer you to doctors in your plan's network only. At the hospital, it's important to ask if all the facility-based professionals (such as radiologists, anesthesiologists and pathologists) are part of your plan's network.
3. Call the Member Services number on your ID card to check if certain providers are part of your plan's network.

Getting started with health insurance

Let's start with how health insurance works in general

- 1. You pay your deductible.** This is a set amount that you pay before your plan starts paying for covered services. If your plan has copays (flat fees like \$30 for each visit) along with a deductible, you only need to pay the copay for most doctor visits.
- 2. After you meet your deductible, you and your plan share the cost of covered services.** You pay a copay or coinsurance (a percentage of the cost) each time you get care. Your plan covers the rest.
- 3. You're protected by your plan's out-of-pocket limit —** that's the most you pay for covered health services each year:
 - What about the money for health coverage that gets deducted from your paycheck? That's your premium. Think of it like a membership fee. It's separate from what you pay when you get care.
 - Remember, this chart is only an example. Your actual costs will depend on the type of plan you choose, the service you get and the doctor. To see your actual costs, please refer to your plan information.

Urgent care

If you need medical care, first call your primary care doctor

If it's not an emergency, call your doctor and ask if you should make an office appointment or find other options that are more immediate. **Even if it's after hours, you have many lower-cost and faster alternatives to the emergency room.**

To help keep your medical costs down, choose an urgent care center or walk-in doctor's office that is in your plan's network for non-emergency care, instead of going to the emergency room. An urgent care center can help treat minor conditions. To locate an urgent care facility, visit the **Find a Doctor** section of [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc), or contact Anthem Blue Cross Member Services. Also, **SISC offers the 24/7 Physician Line**, which gives you access to doctors who can answer health-related questions conveniently over the phone, by online video or secure email. This service is available 24 hours a day, seven days a week.

Call 911 or go to the ER if you think you could put your health at serious risk by delaying care.

Compare costs and wait times:

Emergency room visit	\$100 copay ¹	Four-hour average wait time
Urgent care center visit	\$10 to \$30 copay ¹	One-hour average wait time
24/7 Physician Line	\$5 copay ¹	15-minute call back time

If you have any questions, just call your dedicated Anthem Member Services team at the number on the back of your ID card from 8 a.m. to 5 p.m., Monday through Friday.

An Anthem Blue Cross ID card means something

It means you have access to quality care from quality doctors. It means you can always get your questions answered. It means you have our support before you even need health care. And that's what this guide is for. We want you to have everything you need to make a good decision.

Find a network provider

The Anthem Blue Cross PPO network is one of the largest in California

It's easy to find a provider online:

- Go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc).
- Select the **Find a Doctor, Hospital or Urgent Care**  box on the right side of the page under *Resources & Tools*.
- From the options listed, there are two links for finding PPO providers: PPO (Full Network) and Select PPO. Choose the link next to the appropriate selection depending on your plan.
- When you search for a provider, the search automatically defaults to family/general practice and internal medicine. You can change that selection for other types of providers.
- Enter the city and state or ZIP code where you want to search.

Finding providers outside of California

The *Blue Cross Blue Shield Global Core* program gives SISC PPO participants access to care across the United States and urgent care around the world. You are not required to use a *Global Core program* provider, but it can help keep your costs down. You can locate a *Global Core* provider at any time by calling **1-800-810-BLUE** or by going to the **Find a Doctor** section of [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc) and following the steps above choose the link for PPO and Select PPO outside of California.

Blue Distinction+ for a higher standard of care

When you're choosing a hospital, performance counts. Many specialty care providers in the Anthem network have earned one (or more) of the quality awards below. Each award is only presented to facilities that pass a rigorous review of their processes and performance. Over and over, they've proven their expertise at delivering quality care. That could mean fewer complications, fewer readmissions and higher survival rates. Look for these awards as you weigh your health care options.

For SISC members, bariatric surgery must be performed at a hospital that has received either the Blue Distinction Centers or Blue Distinction Centers+ designation for benefits to be available. Hip and knee replacement or certain spine surgeries must be performed at a hospital that has received a Blue Distinction Centers+ designation only. See "More Information" below about this benefit or contact the customer service number on your ID card.

To find a Blue Distinction+ hospital for non-emergency inpatient hip, knee and spine surgeries, go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc). Select  for finding providers and additional information.

If there is no Blue Distinction+ center within 50 miles from where you live, a travel benefit is available to you. It pays for travel for the patient and a companion. It also includes a concierge service called Healthbase that can help you with travel arrangements and setting up appointments. Our Member Services team can connect you with a Healthbase representative.

If you need help, just contact your dedicated Anthem Member Services team for personal assistance or to request a provider directory.

Understand your pharmacy benefits

Navitus Health Solutions pharmacy benefits

Navitus Health Solutions² administers the pharmacy benefits for the SISC PPO plan and is committed to lowering drug costs, improving health and delivering superior service. If you have any questions about your pharmacy benefits, just call Navitus Health Solutions at **1-866-333-2757** or visit **navitus.com**. They're available 24 hours a day, seven days a week to help you understand and manage medicines used to treat a wide variety of conditions.

Members who take stabilized doses of covered long-term maintenance medicines — like those used to treat an ongoing condition such as high blood pressure or high cholesterol — may obtain up to a 90-day supply by ordering them through Navitus' mail service partner, Costco Pharmacy, or at a Costco walk-in pharmacy. In addition to convenience, the copay for a 90-day supply is lower than the cost of copays for three 30-day supplies of medicines. For information about setting up home delivery, please contact Costco Home Delivery Pharmacy at **pharmacy.costco.com**. You may also call **1-800-607-6861** for home delivery forms and instructions.

Important note: Some pharmacies, such as Walgreens[®], may not be in your plan. Log into the member home page at **navitus.com** to find pharmacies that are in your plan. Specialty medicines are available only through Navitus Specialty Pharmacy home delivery and are limited to a maximum of a 30-day supply.

With the Costco home delivery pharmacy:

- You get up to a 90-day supply delivered directly to you — with free standard shipping.
- You can easily order refills online, over the phone or by mail.
- Multiple safety and advanced quality checks are in place to make sure you get the right medicine.

Save money on generic prescriptions at Costco

SISC has partnered with Costco to offer you the option to fill generic prescriptions at Costco. You can fill up to a 90-day supply either at a Costco walk-in pharmacy or through home delivery for a \$0 copay on most plans.

It's simple to fill generic prescriptions at Costco. Just follow these steps:

1. Take your prescription for a generic medicine to a Costco pharmacy.
2. Present the pharmacist with your SISC PPO member ID card.

Note: Some narcotic pain medicines and cough medicines are excluded. You don't need to be a Costco member to use the Costco pharmacy.

Estimate your costs

Did you know that different facilities may charge different amounts for the same service? Estimate your share of the costs before you get care.

Higher prices don't always mean better care

Compare facilities based on their quality measures for certain procedures – length of stay, patient experience, complications and more.

Compare costs:

- Estimate Your Cost is just one of the many tools we have to help you manage your health care simply and conveniently.
- Just go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc), log in and select **Estimate your Cost**  on the right side of the page.
- Then search or browse for the procedure you're looking for and the tool will guide you.
- You can easily compare hospitals and other facilities by selecting up to four providers. Then choose **Compare selections** on the top left of the page.

Anthem Care Comparison

To compare both price and quality, you can use the Anthem Care Comparison tool, which provides important information that can help you make informed decisions when you need care. The tool shows you price ranges for common medical procedures at hospitals and other facilities near you. You'll also get information about the quality of these procedures, so you can compare expertise and experience before you decide where to go.

The tool gives you actual data rather than just subjective opinions. For example, if you need a hip replacement, you can search for hospitals in your plan based on your location. The tool shows you a list of hospitals with information such as price, number of hip replacements done and patient outcomes, including length of stay and complications. You can then choose a hospital that best fits your needs.

To use the tool, go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc). Register or log in, and under *Facility Cost & Quality*, choose **Get Started**.

Download our mobile app to manage your health care

Now you can take us on the go. Get our free mobile app!

Using our mobile app can help make it easier than ever to manage your health care:

1. Go to the app store on your smartphone or mobile device.
2. Search for "Anthem Blue Cross."
3. Select the Anthem Blue Cross Anywhere app.
Start the free download.

To use the mobile app, you must be registered on our secure member site and have a username and password. If you haven't registered yet, go to [anthem.com/ca](https://www.anthem.com/ca) from your computer and select **Register Now**.

Use the mobile app to see your ID card any time. Log in and select **View Card**. This card will look the same as the card you get in the mail.

Anthem programs and services offered through SISC

Employee Assistance Program (EAP)

The SISC medical plans provide an **Employee Assistance Program**. EAP encourages employees and retirees (excluding Individual retiree plans) to use services early, before problems significantly impact their personal life or work. Your EAP offers help for:

- Face-to-Face Counseling
- Legal Assistance
- Financial Assistance
- ID Recovery
- Crisis Consultation
- myStrength
- Tobacco Cessation (Quit Smoking: Online and Telephone Coaching)
- Dependent Care and Daily Living Resources
- Other Web Resources

The EAP also serves more serious concerns such as alcohol and drug problems, family violence and threats of suicide. Toll-free help is available through 24/7 telephone counseling and referral, or up to six face-to-face counseling sessions per issue per year for employees and household members.

Additional features of the EAP for School District management and administration:

- **Management consultations** — consultations on how to deal with employee personnel problems as they may impact job performance.
- **Critical incident debriefings** — for employees impacted by incidents such as accidents involving injury or death, armed robberies, hostage situations and natural disasters.
- **Reduction in Force (RIF)** — available to managers who want to consult on a difficult layoff or, in general, get information on dealing with survivor issues.

For additional information, you can visit Anthem's website at anthemeap.com. Select **Login** under *Members* and enter "SISC" as the full company name or program.

myStrength, the health club for your mind™

As part of your EAP, you also have access to myStrength, a confidential online resource to help you and your family deal with stress and anxiety. There's no extra cost for myStrength, which offers support and tools through your computer or mobile device. Just go to anthemeap.com to sign up and get started.

With myStrength, you can get resources and support 24/7, including:

- Videos, articles, quotes and inspirations.
- Tools and exercises to help you develop a personal action plan and make healthy changes.
- Online learning to handle anxiety, depression and substance abuse.
- Mood trackers so you can assess your progress.

EAP services are available 24 hours at the toll-free number: 1-800-999-7222

Anthem EAP

The Resource to Make a Difference

Case Management

Our Case Management program is available to members at no additional cost. If you're hospitalized from illness or injury, or are struggling with multiple health issues, a registered nurse care manager will help you and make sure you can get the best care possible. Nurse care managers support the whole person, as they are skilled at assessing and supporting you as you try to get healthier. SISC members can self-refer by calling **1-888-613-1130**.

Condition management programs

These programs offer nurse support as well as education and self-management tools for members with diabetes and coronary artery disease. Members can apply to the programs by logging in to **anthem.com/ca/sisc** or by calling **1-800-621-2232**.

SISC Expert Medical Opinion program

Our Expert Medical Opinion program provides medical second opinions from nationally recognized experts specializing in your area of need, with no required travel. This program is fully sponsored by SISC and available at no extra cost to eligible employees and covered dependents.

Use this program when you or a loved one:

- Have been recommended for surgery or another form of medical treatment.
- Have received a new diagnosis or experienced a change in condition.
- Have an existing condition and are not getting better.

Getting started is completely confidential and only takes a few minutes. Call 1-855-201-9925 or visit **advance-medical.net/sisc** to learn more.

24/7 Physician Line

With SISC's 24/7 Physician Line, members can visit with a doctor 24/7, 365 days a year from the comfort of their own home, office or while on the go. This confidential and secure service is for SISC PPO and HMO members (excluding Individual retiree plans) and provides them with a large network of board-certified doctors available by phone or secure video to help members with non-emergency medical conditions. You can use this service to get answers to your questions when:

- You are considering ER or urgent care for non-emergency care.
- You are traveling and need medical care.
- Your primary doctor isn't available.

This benefit also includes behavioral health therapy and psychiatrist visits for only a \$5 copay⁴. With this service, members may have confidential visits with licensed therapists or psychiatrists from the comfort of their own homes.

To begin using this service, you must first register by calling MDLIVE at **1-888-632-2738** or by going to **mdlive.com/sisc**.³ You will need to have your member ID number and the name, address and phone number of the covered member who needs medical assistance. There is a \$5 per consultation fee for this service.*HSA members may need to pay the full price of the visit if they haven't met their deductible.

Autism Spectrum Disorders (ASD) program

This program helps families touched by ASD. Families with children who fall somewhere on the Autism Spectrum can get the support they need through this program. The ASD program focuses on the entire family, creating a strong system of care and support. The goal is better outcomes, more effective use of benefits and healthier families.

The ASD program includes:

- Clinical review of Applied Behavior Analysis – A highly trained team of licensed clinicians will work to ensure that your child gets the right care from the right provider at the right time.
- Community resources and family support – The ASD team helps connect you with information and resources to help support your family. Referrals and education are tailored to meet your family's needs.
- Coordination of care – ASD case managers work with you to address unique challenges and create a customized care plan to help identify available services, secure access to care and help your treatment providers work together.

To learn more, call the ASD program team at **1-844-269-0538**.

Physical medicine services

Your benefit plan allows for physical medicine services, which includes care from chiropractors and physical therapists in your plan. You can enjoy these services without any plan limits, as long as they're considered medically necessary by American Specialty Health (ASH). ASH is a national health services organization that specializes in the review of physical medicine services. Your provider of physical medicine service will contact ASH on your behalf for the medical necessity review.

Go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc) to find providers in your plan that are in your area. You can also call the Member Services number on the back of your member ID card.

Diabetes Prevention Program (DPP)

The Diabetes Prevention Program helps participants lose weight, adopt healthy habits and reduce their risk for type 2 diabetes. The program meets weekly for 16 weeks, and then monthly for the rest of the year. Participants learn ways to eat healthier, become more active and manage challenges that come with lifestyle change.

There are many options to choose from for the DPP. Some programs meet weekly in person with a coach and a small group for support. Other programs are done entirely online using your computer or mobile phone. Most programs include:

- Access to a personal health coach
- A small group for support
- Weekly lessons
- Tools such as an activity tracker

This service is offered through Solera.⁵ Visit [solera4me.com/sisc](https://www.solera4me.com/sisc) and take the 1-minute quiz to see if you qualify. Or select **Enroll Now** if your physician has recommended you for the program.

Value-based purchasing

Get the care you need while keeping your cost down

SISC and Anthem Blue Cross (Anthem) are working together to help keep your out-of-pocket costs down, while giving you access to quality care.

The cost of elective outpatient procedures, such as a colonoscopy, upper GI endoscopy, cataract surgery or arthroscopy can vary a lot. Also, the cost can be different for the same procedure within the same region. These price differences aren't always based on better quality or clinical outcomes.

Within the same area, these procedures can be up to three times more expensive in an outpatient hospital than in an ambulatory surgery center (ASC). For example, the costs of these procedures can vary a lot without any documented difference in outcomes:

Arthroscopy:	\$2,700 at an ASC;	\$4,900 at a hospital
Cataract surgery:	\$1,400 at an ASC;	\$4,000 at a hospital
Colonoscopy:	\$800 at an ASC;	\$1,900 at a hospital
Upper GI Endoscopy:	\$600 at an ASC;	\$2,600 at a hospital

Value-based site of care

Your Anthem benefits cover 5 value-based procedures, each one with a maximum benefit amount at an in-network outpatient hospital:

	Arthroscopy	Cataract Surgery	Colonoscopy	Upper GI Endoscopy with Biopsy	Upper GI Endoscopy
Maximum benefit at an in-network outpatient hospital	\$4,500	\$2,000	\$1,500	\$1,250	\$1,000

If the surgery was performed in an in-network outpatient hospital and your bill is higher than your maximum benefit, you'll be responsible for paying the difference, unless your doctor receives advance certification from Anthem that you need to be in an outpatient hospital setting.

On the other hand, your ambulatory surgery center benefit hasn't changed. The benefit maximum does not apply to these services performed at a participating ambulatory surgery center. Data shows that services at an ambulatory surgery center are generally the same as in the outpatient hospital setting – and the average cost in an ambulatory surgery center is lower than in an outpatient hospital setting.

You have a choice – but you can save when using Ambulatory Surgical Centers

Here's how it works:

- If you use a participating ambulatory surgery center or a participating outpatient hospital that provides these surgeries within your maximum benefit, you won't have extra costs beyond your deductible and coinsurance.
- If you use any outpatient hospital or nonparticipating ambulatory surgery center that charges above your maximum benefit, you'll have to pay the difference in cost, in addition to your deductible and coinsurance.

Exceptions

Although rare, there may be times when you may be covered for care at an outpatient hospital: For example,

- You live more than 30 miles from an in-network ASC that can provide the service
- You cannot get an appointment at an in-network ASC within a reasonable period of time
- Your doctor provides clinical justification for using an in-network hospital
- Emergencies

Your new ID card will be mailed around the effective date of your new plan. If you need to print a temporary ID card, you may do so on or after the first day your plan takes effect:

1. Go to [anthem.com/ca/sisc](https://www.anthem.com/ca/sisc) and log in. If you don't have an account yet, you'll need to register first (call Member Services to ask for your health care ID number to register), or you can register with the policyholder's Social Security number.
2. Choose **Print Temporary ID Card** under **Resources**.
3. From the drop-down menu, select the name of the member whose ID card you'd like to print. When the system shows the temporary ID card, choose the printer icon in the upper left corner to print.

Helpful information for new plan members:

- Update your insurance information by presenting your new medical plan ID card to your health care providers beginning on the first day your plan takes effect.
- If you take prescription medicines, you can help ensure a smooth transition to your new plan by having an adequate supply of your medicines on hand.
- If you currently receive prescriptions through home delivery, you will need to have your prescribing doctor issue a new prescription and transfer it to the new home delivery pharmacy.
- Access your health care services with participating providers to maximize your plan benefits and minimize your out-of-pocket expenses.
